Dear friends in the EPHA:

I would like to take this opportunity to say thank you to each and every one of you for allowing me to speak about Monte Wolfe in Bear Valley last Sunday. Your hospitality and graciousness will always be deeply appreciated by my wife Cindy, my son Ian, and myself.

I had a beautiful, photo filled slide presentation on both a Mac and PC for you, but Monte pulled some strings to keep those images under wraps for a while longer. Funny... When I got home, the presentation started right up on both machines. Amazing coincidence #17B. ☺ There IS, however, one photo that you might be interested in seeing sooner rather than later....

Now that I am home and looking back, it seems like I just blew through town and didn't get much of a chance to speak with enough of you. I've been preparing for this for months through Eric Jung and Susi Schimke and barely had a chance to even shake their hands. So, in the words of our Governor, "I'll be back!"

If any of you would like to talk about Monte, please feel free to contact me via email, regular mail, or phone. I would love to speak with you!

Just a closing note; The website at [www.montewolfe.org](http://www.montewolfe.org) is up and running and (almost) fully functional. There is a blog there y'all might be interested in following.
